Things happen with some naval wives when their men are out at sea

I get lonely, being the wife of a sailor. Lonely and horny. No two Navy wives handle it alike. Some drink a lot; some do weed a lot; some cheat a lot. Some get involved in any kind of work to take their mind off being alone. Some, like me, develop the tolerance of a saint rather than become a sinner. Getting some action on the side can be a risky solution; and then there's the guilt. I know; I tried it once. Just once.

To deal with the loneliness we'll sometimes stay over at each other's houses, kind of like when we were kids. I was at my friend Margie's house one night after a long and intimate talk. The others had gone home, but I stayed on. We each had a glass of wine and then hit the hay.

I couldn't sleep. I lay there trying to relax, but my body was keyed up with an aching need for relief. I rolled over, facedown, but that only made matters worse. The pressure on my tortured pussy made me almost involuntarily begin to dry-hump the sofa bed. As soon as I realized it I stopped and tried to relax, but the motion had only increased the need. I didn't have the courage to diddle myself in the living room at Margie's house. Suppose she had to go to the bathroom or kitchen and whispered, "Are you asleep yet? I can't sleep. Let's

talk." That happened once before, and it could happen again.

I lay there daring to give myself a little touch here and a little flick there, wondering if I could do myself in a way that was silent and undetectable under the covers. I heard Margie's footsteps; I froze, my middle finger motionless against my swollen and pulsing clit. Margie passed through the living room silently, heading for the bathroom.

I got my first inkling of what was going on when I heard the toilet seat squeak just a little. It happened not once, but repeatedly.

Suddenly Margie's voice, panting and sounding strained, called out clearly from the bathroom: "Trish, are you doing what I think you're doing?"

I blushed scarlet, took a deep breath and then answered, "Only if you're doing what I think you're doing."

A moment of silence ... and then Margie answered, "I am." Then she opened the bathroom door, not enough for me to see her but enough that we could hear each other better. "Talk to me," Margie said. "Tell me exactly what you're doing."

"Only if you will," I answered, less curious than embarrassed.

"I'm sitting on the toilet with my feet up on the tub and my legs spread

open. My left middle finger is wiggling up my ass and my left thumb is playing with my clit. I have two fingers of my right hand inside my pussy. It feels sooo good. What about you?"

"I have my left middle finger on my clit and I'm rubbing it real light and slow, back and forth, with my legs closed."

"What were you thinking about?" Margie asked me.

"I was remembering the first time Jim ever came in my mouth. He was the first guy I ever let do it. I thought it was going to be disgusting, but when I caught that first mouthful and swallowed it down I felt so hot that I started to come all over again. Whenever I remember swallowing his cum, I get real hot. I'd love to be catching a mouthful of it right now. What were you thinking?"

"I was thinking about cum too, but not my husband's. I sometimes like to get a little wild in my fantasies when I do myself." I could hear the toilet seat begin to squeak again as Margie continued. "I was imagining myself lying on a marble floor. There are men all around me, maybe 20 of them, and they are all there to please me, like I'm some kind of goddess. I want them all to show me tribute by giving me their cum."

"So they are standing there naked

and jerking off. I'm not even touching myself. Can you imagine what it's doing to me just to watch 20 naked guys jerking off? Some have their eyes closed and others are taking in the sight of my entire body. There are long cocks, short cocks, straight and bent cocks, circumcised cocks, fat cocks and slim cocks—all of them pointing at me. I'm in heaven just looking at them."

"When the first one ejaculates a shudder goes through my body as I feel his warm cum land on my leg. Another comes in spurts right after him, and I feel gob after gob of cum. The third one to come misses my clit but gets my cunt lips. Before the last one shoots, I have an orgasm myself, just from watching them and feeling their warm cream on my agitated body."

The toilet seat was squeaking so fast that I understood why Margie had stopped talking. I stopped talking too in order to concentrate on fulfilling my own need. I rubbed myself all over. My left hand stroked my body feverishly while my right hand manipulated my clit and my vaginal lips. I think we came at almost the same time. I was so carried away by my orgasm that I didn't pay much attention to her groans or make any attempt to silence my own body-shuddering climax. Afterwards, when I heard Margie cleaning up, my pulse began to slow down and I began to feel self-conscious. By the time she left the bathroom I was under the covers.

Neither of us mentioned what we'd just done together until a few days later. Our group was sitting in my living room and the talk quickly zeroed in on our favorite topic: sex. Two of the girls were speculating on how our husbands managed while they were away at sea; whether they all were faithful; whether they jerked off to porn or to photos of their wives on their phones; or merely to

memories—or to nothing at all.

Hannah said she wondered if they reverted back to that staple of adolescent sex, the circle jerk. I'd never heard of circle jerks and neither had Amy, so Hannah explained how younger guys sometimes jerk off in groups. No gay stuff, no touching each other, just everybody doing it communally. I shot a guilty glance at Margie.

Donna suggested that might be an idea for us. "Oh, I couldn't!" Amy protested immediately. "It might be more exciting than just fingering ourselves off every night till we get bored with it," Rosie said.

Every night?!" Margie asked incredulously, and Rosie blushed. "In front of everyone, where they can see you?" That was from Amy.

I turned off the lamps. We were in darkness. The first thing I heard after finding my way was someone taking her clothes off, and then I went back to my chair and heard someone else get up from her chair. I wondered whose voice came from the floor.

"You can't really do it comfortably in a chair," she said. Then I heard two other people get down on the floor. "Mmmmm." I wasn't sure who that was, languorously enjoying herself. Not knowing who I was addressing, I

softly said, "Tell us what you're doing."

Rosie answered "I'm rubbing my tits with my hands. I always like a little foreplay first, even just with myself. I'm stroking my nipples and they're getting hard and sensitive. I can feel my juices flowing and I haven't even touched my pussy yet."

"I'll touch myself with my fingertips, real lightly. I'm doing it now all over, real light, ahhh, and I feel my nerves waking up all over my body. It makes me so hot to feel myself getting touched like that. Yes! So hot. I want it already but I'm not going

to do it yet, not yet. I want to make it last a little while. If I can't have what I really want, I'm going to do the best I can with what I've got."

"I haven't got what I want, either." It was Hannah speaking now. "But I can dream about it while I'm playing with myself. My hands are stroking the lips of my vagina, but I'm picturing that it's really his tongue I feel. And it will be his tongue at the base of my clit, in a minute, and then his tongue on the very tip, finally, and it'll stay there till he's licked me right off, which isn't going to take long at this rate."

There was a groan from the side of the room. "Who was that? Did somebody come already?"

"No, it was me," Margie said. "I was rolling over so I'm face down. That way the floor pushed back up against me and it's more like having a man's body underneath me. I always like the top position anyway, so it feels almost believable this way. My hand is underneath me and I have my two fingers on either side of my clit, rubbing the sides right up to the point. It's real slippery and it keeps getting away from me, but that doesn't even matter. I'm so hot I could come without touching it at all, if I had to." She let out a couple of groans, but I could tell she hadn't come

yet; we could hear her thrashing around on the floor—panting, gasping, groaning and grunting. Her sounds sent shivers through my body. It was like a really good porn.

I guess her gyrations got to somebody else too. From somewhere came the unmistakable sounds of a climax and then, as if a chain reaction had occurred, someone else came, softly, as if trying to be private about it. My own body was burning but I held off, keeping my hot cunt at a slow sizzle by fingering it slowly and intermittently, while I listened to the girls around me.

Soon they were describing how they felt, or what they were doing; sharing a fantasy or just making animal sounds. Finally I couldn't hold off anymore so I let go, zipped my finger across the mountain peak, and shoved another finger up my ass with a circular motion inward. I orgasmed with a shudder, moaning loudly.

Another groan. That made it all six, I thought, till I heard Amy's voice in wonderment say "Twice!" Amy, who didn't think she could do it at all!

"I guess I can't," Hannah said, so frustrated that her voice rose alarmingly. "I'm so hot, but I just can't bring myself over the edge." She almost panicked. "I'm not used to having an audience."

"Go into the bedroom then," I offered. She didn't move. "The bathroom?" I suggested. I heard her get up. The bathroom door closed. Water ran. Over the sound of the water we occasionally heard little cries and moans and whimpers, too loud for the water to drown out. They started to build. I could imagine her in there, trying to be quiet and use the water for a sound screen, but finally getting carried away.

"Oh!" It was a sound wrenched from deep within her. "Oh!" That one was wrung from her depths. She was getting

tasies with each other. Some involved men other than our husbands. Some involved sex acts that might have been considered a little bit strange, like Margie's fantasy of commanding 20 guys to jerk off all over her body. Little by little, though, we exposed our innermost desires, feelings and fantasies to each other, and broadened our own outlooks in the process.

Rosie loves to play games in public with her husband. It gave me the idea to try one. They sit in the back of a bus like strangers who just happen to be next to each other. He

tries to get fresh with her, as if he's just some wiseguy. Of course he tries to do it in a way that no one will see, which limits how far he can go. It might take an hour or more before they get home to finish what they have started. By then her husband's dick is stiff in his pants and her panties are soaking wet. I would like to try that sometime. I never would have thought of it by myself.

I have done many things I never would have tried before and I have even tried a few of them out on Jim, the last time his ship was in. He wondered where I got all these new ideas. I just told him we girls talk a lot to pass the time while our men are out at sea. (We have all promised not to tell our husbands about our new-found enjoyment.)

It still gets lonely, being a sailor's wife, and we still long to feel our husbands' cocks in our cunts, our mouths and anywhere else we can get them. Some of us still drink or smoke too much and some of us still fool around. All of us cry, or curse, or swallow our tears and fool ourselves into believing we've learned not to mind those lonely nights. But at least we've found something that helps, something that works better than a lonely finger in the dark of night.

But something was missing. We didn't realize what, at first. Only when those of us who could come had orgasmed did it hit us that, because we could all see what the others were doing, nobody was describing anything. We'd gained the video and lost the audio, so to speak.

After that we made sure to ask each other provocative questions. "How do you feel?" "What are you doing?" (Even if we could see.) "What are you thinking about?" "Tell me your best fantasy." We were hesitant at first about sharing fan-

tries to get fresh with her, as if he's just some wiseguy. Of course he tries to do it in a way that no one will see, which limits how far he can go. It might take an hour or more before they get home to finish what they have started. By then her husband's dick is stiff in his pants and her panties are soaking wet. BLAIR-NTS-00

Ferocious barking melded with the laugh track of my boss's favorite syndicated sitcom, a one-two punch driving me slowly insane as I manned the counter with increasing boredom.

Parts Puller Specialist, the ad in the newspaper had read. What a crock of shit! Junkyard Flunky was more accurate. I did the jobs Mr. Gaggi was too lazy to do, the jobs he deemed beneath a man of his stature. This meant pretty much every damned thing.

I would've quit long ago were it not for Sophia, Mr. Gaggi's eighteen-year-old daughter. Sophia was something else, let me tell you, a willowy brunette who moved with the grace of a ballerina. Of course nothing had ever happened between us; but just having her around the place made my job tolerable.

Having recently enrolled at a nearby community college, Sophia attended classes in the morning before taking public transit to her father's workplace where, noisy guard dog notwithstanding, she spent afternoons with her nose buried in a textbook.

I felt sorry for Sophia. She still

lived at home, and didn't seem to have much of a social life. No close friends, I knew, and certainly no boyfriend.

Now, having lowered the volume on his television set, Mr. Gaggi hollered from the tiny break room, "Hey, Cliff! Enough is enough already! Go check on Brutus!"

Brutus was the resident guard dog, an eight-year-old Belgian Malinois who whiled away his days and nights patrolling the property; at least when he wasn't napping.

"Sophia can't study," my boss continued, "with all that damned racket!"

I didn't bother to tell Mr. Gaggi that his daughter had stopped studying some thirty minutes ago. Sophia took regular breaks, stepping outside to rest her eyes and stretch her legs; these respites took five, ten minutes tops. I wondered what was keeping her.

Navigating the maze of chopped up cars and trucks, I found Brutus at the rear of the property; he was barking at a trio of buzzards in the vacant lot on the other side of the fence. The buzzards, oblivious to Brutus's rau-

cous display, were making mincemeat of a dead armadillo.

"Brutus!" I clapped my hands repeatedly. "Stop that, boy! Get over here!"

It took some doing but I finally managed to lure him away from the fence; he slinked off to another part of the junkyard as I headed back to the office.

I was halfway there when I heard it, a noise which froze me in my tracks.

"What the hell?" I muttered.

The faint moaning seemed to be coming from an old muscle car to my right. Curiosity piqued, I approached the car to investigate.

And received quite a jolt . . .

Skirt hiked above her slender waist, her lithe legs spread, Sophia lay on the backseat peering at the peeling roof as she masturbated.

My eyes must've bulged obscenely as I stood there watching her play with herself. The door window was filthy with age. Still, I was able to

roof; lost, I surmised, in the throes of pleasure.

At least until something broke her concentration. I have no idea what it could have been. All of a sudden she lifted her head from the seat and stared straight at me. Equal parts shock and embarrassment registered

see inside the car well enough. Still moaning, Sophia raised her bony knees and plunged two fingers inside her snatch, then proceeded to drill her cooze with a frenzied pumping motion.

My cock responded accordingly. It was all I could do to keep from whipping it out and jerking off right then and there. I shot a quick glance at the office. No sign of Mr. Gaggi. Still engrossed in his sitcom, I hoped. My boss would've killed me if he had known that I was watching his beloved Sophia play with herself. And getting paid to do it, I thought amusedly.

As far as Sophia was concerned—well, she was unaware of my presence. After all, she was staring at the

on her features.

I tried to get out of there, but she pushed the door open and told me to stop. When the boss's daughter gives you an order you tend to comply. Hell, I needed the job. And what would stop her from making up some crazy story about me trying to take advantage of her?

"Look, Sophia," I stammered lamely, "I'm really sorry about this. I just happened to walk—"

"You caught me," she said, "with my hand in the cookie jar."

The shock and embarrassment on her face had been replaced with an expression of shrewd calculation. Sophia said, "A girl has to take a break from studying every now and then, doesn't she?"

"Of course."

"I'm entitled to a little fun."

"Definitely."

"It's not easy," she continued, "being eighteen and living at home. I need my privacy."

"Sure."

"And that's not all I need, Cliff."

I swallowed a lump.

"Masturbating is great," she said, "but nothing beats a big hard cock."

Again, I glanced at the office.

"Don't worry about him," she told me. "Nothing can pull father away from his stupid TV shows. And we'll make it a quickie. What do you say?"

I was speechless. Sophia was offering herself on a platter. This was the chance of a lifetime. I worked a lousy job at a junkyard, yeah, but I was no fool.

So I joined her in the backseat of the old muscle car. No sooner had I closed the door than she was reaching for my zipper. I climbed on top of her, pushing Sophia's legs apart as she liberated my stiff member.

I pushed inside her, relishing the tightness of her teen twat. I thrust repeatedly. Sophia grunted and groaned. It wasn't long before I was hammering her hole with quick jabs. And we'll make it a quickie, she had said. Indeed we would, I thought.

Still, even a quickie could include more than one position. I withdrew and flipped her over, an easy task as Sophia couldn't have weighed more than 110 pounds. I lifted the hem of her skirt and fucked her doggy style.

The muscle car was an antique. But Sophia was anything but. I slammed her bony rump, pulling out just in time to dump cum between her taut cheeks.

When we returned to the office Mr. Gaggi was watching TV. I told him about the buzzards and the dead armadillo as Sophia resumed her studies.

I stayed at the job for almost two years. Of course Sophia had everything to do with this. We tried almost every car in her father's junkyard.

But in the end, the muscle car was our favorite.
